### Select page FTP

*FTP or file transfer protocol is used to transfer files across the internet.*

*Sending via FTP is the preferred way to send your items.*

### EXPLANATORY FIELDS AND BUTTONS

#### FTP server

Fill in the name of your server you use to upload all your items. For instance 'ftp.test.com'. To change the port-number from the default (21) to a different one, type in ' :port-number'. For instance: 'ftp.lucinl.com:23'

#### User

Fill in the user-name you use to login at your server.

#### Password

Fill in the password belonging to your user name.

#### Dest.Dir

Fill in the destiny folder you want to use on your ftp-server .

#### Passive

Checked means 'Passive' mode. Otherwise it will be 'Active' mode. These are 2 modes for contacting your ftp-server. Contact your network-manager to decide which mode to use.

#### Test

You can test your ftp-settings with this button. Test-progress is indicated in the grey box beneath.

Go to adjust the next page or press OK to save and leave Setup.
